Hook Bike Stand

Design Note Design Studio

With its bicycle bollard Hook, in only hot-dip galvanized steel, Note design studio has experimented with the visual experience of a bicycle rack. Depending on the viewer's point of view, Hook's three-dimensional shape is changeable in its expression. Like a bent sheet of paper, the bicycle bollard is almost invisible from the side, but viewed from the front it takes the form of a central actor in the street space. The ability to change shape means that Hook can function as a space-forming tool in the urban environment as well as a perfect place to park your bicycle. With its functional simplicity, Hook has a friendly and calm expression that contrasts with the sometimes tough urban environment.

Dimensions and weight

Width: 14 cm

Height: 75 cm

Weight 12 kg

Foot plate: 200 mm x 100 mm.

Opening for lock/chain: 77 mm.

Product numbers and combinations

Ö04-15 HOOK bicycle stand with footplate

Append to product number

METAL SURFACE FINISH

Hot-dip galvanized version only.

INSTALLATION TYPE

N for surface mount.

Standard colours

Hot-dip galvanized steel

Materials and surface treatments

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Hot-dip galvanized

Hot-dip galvanizing provides very strong protection against corrosion. The steel is dipped into a bath of hot liquid zinc. The zinc attaches and creates a surface coating on the steel part, which is then taken out of the bath and drained of excess zinc.

Assembly and placement

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

Maintenance

Hot dip galvanized steel

Hot-dip galvanized can be touch-up painted with so-called "cold galvanizing".

Character

A streamlined bicycle stand bold enough to stand out in the urban environment.

Designers

Note Design Studio

Note is a design studio based in Stockholm. The studio was founded in 2008 and has since worked in a variety of fields including architecture, interior, product & graphic design as well as design strategy. Note has throughout the years been awarded with numerous prizes and awards, including Wallpaper* Best Design Award 2018, designer of the year 2016 by Elle Decoration and designer of the year 2015 by Residence magazine.
