Soffa, fåtölj och bord i standardfärger. Mörkt blå och röd.

Korg Furniture Group

THOMAS BERNSTRAND

Each design in the Korg family is formed by clean lines and soft contours. The group is comprised of armchairs and backed benches, and includes a round café table. Korg's seats and backrests are made from steel thread, enabling rain and water to run off without leaving lasting marks. Each seat and table is attached to a sturdy cylindrical support that bolts securely to the ground. Modular versions of the seating designs are also available in the Korg modular furniture system.
