PARCO BACKED BENCH

Broberg & Ridderstråle

The Parco outdoor furniture group is a favourite of landscape architects. In addition to the rectangular table, round table, sleek bench and swivel armchair, a backed bench has now been included in the group. Like the other designs in the group, the backed bench mounts directly to the ground to provide a permanent fixture in the landscape, public spaces or private courtyards. The backed bench can be ordered on its own or mixed and matched with the other designs in the group to create customised seating arrangements.
