PLATEAU SUNHUB

189

SunHub elevates Plateau Picnic to another level. With SunHub, Plateau Picnic become more than just a piece of furniture, it becomes a social 'hub'. It allows users to listen to music via the built-in speakers and Bluetooth connection, charge their phones wirelessly or by cable and PC-charging. In the evening light from the SunHub grazes the tabletop, creating a cozy atmosphere. "Power to the people – and sound and light".

The SunHub is 100% solar powered, resistant to weather conditions, intelligently controlled and CO2-neutral.

Plateau SunHub has received the international iF Design Award 2020.

Design: Holscher Design
