ELBIN LITTERBIN

Andreas Sture and Olle Anderson

Elbin's bite-like opening resembles a hungry mouth to feed, making it easy to place rubbish directly inside. □ It empties almost as easily; as the door unlocks and pivots open, the metal ring holding the rubbish bag slides outward so that it can be pulled free in one easy movement. Elbin can be wall-mounted or installed to a base, and ordered in three different sizes with a range of base options to choose from. A version with an integrated ashtray is also available.

Assembly	Some assembly required.
-----------------	-------------------------

Variants	Made in three different sizes: 50 litres, 80 litres and 120 litres. The base is made in cast concrete or terrazzo concrete. Different attachment options are available. The litterbin's standard colour is light grey and the door is available in black, anthracite, green, or reddish-brown.
-----------------	--

Materials	The litterbin is made in steel plate, chromed and powder-coated in standard colours. The base is made in standard grey concrete or terrazzo concrete. The body and base are powder-coated in standard colour light grey Gris 2150 Sablé. Other colours available upon request.
------------------	--

Additional description number	<p>Please Indicate the size by adding the number of litres after the article number:</p> <p>50 = 50-litre bin 80 = 80-litre bin 120 = 120-litre bin</p> <p>Add your choice of base:</p> <p>F = Base in standard grey concrete FT = Base in terrazzo concrete</p> <p>These bases are available for the 50-litre and 80-litre versions:</p> <p>N = Attachable foot plate M = Extended ground-mounted base</p> <p>A wall-mounted version of the 50-litre litterbin is available:</p> <p>V = Wall-mounted</p> <p>To request non-standard colours, please add a number from the RAL chart.</p>
--------------------------------------	---

Placement	The base-mounted version is freestanding and the ground-mounted version is to be cast 40 cm below ground. The attachable version should be bolted to a foundation. The 50-litre version can be wall-mounted.
------------------	--

Maintenance	Powder-coated finishes can be repainted with alkyd oil enamel if needed. Grease hinge if necessary.
--------------------	--

Character	A versatile anodised aluminium outdoor litterbin that is easy to empty and maintain.
