FRAME PLANTERS

Broberg & Ridderstråle

This set of planters is characterised by sides that taper inwards and upwards from the base, meeting the upper rim at an inner point, making the upper part of the frame visible while concealing the lower half. By making the frame visible, it creates a wide rim and provides handles.

Dimensions

120 l VERSION

Length: 120 cm, Width: 30 cm, Height: 40 cm,
Volume: 120 l

Variants	Available in 120-litre, 130-litre, 340-litre or 730-litre versions.
Materials	The planters are made from rust-resistant sheet steel powder-coated in Noir 2200 Sablé. The biggest planter 750 l is blasted, galvanized and painted.
Placement	Freestanding. Can be attached to the surface with M10 bolts.
Character	This set of planters is characterised by sides that taper inwards and upwards from the base. The design is simple, but has a lot of impact.

NOLA INDUSTRIER AB

For 40 years, Nola Industrier has developed and honed ideas, products and visions for urban spaces. We collaborate with Sweden's leading designers and architects from concept to manufacture, with sustainable production taking place exclusively in Sweden. Nola stands for quality, aesthetic and sustainable design over time. We make urban environments a little bit more beautiful, and a whole lot easier to live in.
