HOOK BICYCLE STAND

Note Design Studio

The broad band of metal forming Hook's structure enables it to be seen from a distance, while its narrow width appears to streamline its shape when viewed from the side. Available in eye-catching orange, pastel blue or light grey, the colour choice can make the cycle stand more visible or enable it to melt into the background.

Dimensions	Height: 75 cm Width: 13.5 cm Foot plate: 20 cm × 10 cm Opening for lock/chain: 7.7 cm
Product number	Ö04-15 Hook cykelpollare.
Variants	The bicycle stand is available in three standard colours: RAL 2010, RAL 6033 and RAL 7022.
Materials	The bicycle stand is made from zinc-electroplated, yellow-chromed and powder-coated steel.
Placement	The footplate is produced with bolt-holes to attach it to a built surface with four M10 bolts.
Character	A streamlined bicycle stand bold enough to stand out in the urban environment.

NOLA INDUSTRIER AB

For 40 years, Nola Industrier has developed and honed ideas, products and visions for urban spaces. We collaborate with Sweden's leading designers and architects from concept to manufacture, with sustainable production taking place exclusively in Sweden. Nola stands for quality, aesthetic and sustainable design over time. We make urban environments a little bit more beautiful, and a whole lot easier to live in.
