LEAN BACKED BENCH

NATION + KSA DESIGN

This striking multi-purpose bench is designed for use in areas where human traffic can get congested or cramped. Lean's streamlined proportions and simplistic style provide maximum seating where space is minimal. The bench provides conventional seating on one side and a support for individuals to lean against on the other. The surface can also provide space for laptops to be used, or where luggage, bags and other items can be placed. The bench seats three and can be complemented by an armrest to make it easier for those seated to rise to their feet. Whether used indoors or outside, Lean's sleek shape is guaranteed to suit almost any environment.

Dimensions	Length: 189 cm, 370 cm Height: 100 cm. Height of seat: 46 cm Weight: 121 kg – 130 kg
Product number	U18-05H Right frame U18-05M Middle frame U18-05V Left frame U18-05E Seat and seat back U18-05AH Armrest right U18-05AV Armrest left U18-05AD Two armrests on one seat
